TRIAL SCHEDULE AND RUNNING ORDER

Building opens at 6:30 AM. Check-in is at 7:30 AM, and the judge's briefing and walk-thru is at 7:45 AM. On Friday, and Saturday, judging begins in Ring 1 at 8:00 AM, alternating between Ring 1 and Ring 2. On Sunday, judging begins in Ring 1 with ISC Agility at 8:00 AM, then alternating between the two rings. Jump height order for each class will be Tall to Small (24" to 4") on Friday and Sunday, and Small to Tall (4" to 24") on Saturday. Our judge for all classes will be Jan Skurzynski. ISC courses are designed by Iban Cubedo.

A preliminary running order (before move-ups) will be posted on my website, www.triaddogagility.com, as well as a projected timeline for the trial to help you determine when you will need to be available to walk your course or carry out your volunteer assignments. Remember, this is only an estimate, so arrive in plenty of time before your first run! For Exc/Master classes, 4"-12" height classes will walk/run together, and 16"-24" height classes will walk/run together. PLEASE BE SURE TO CHECK THE RUNNING ORDER AS IT WILL LIKELY BE NECESSARY TO SPLIT THE 16"-24" WALKTHROUGH (walk/walk/run 16"-24"). There will only be one walkthrough for all other classes. All levels of FAST classes will be merged and run in height order.

This trial will be using AGILITY GATE for check-in, daily running order, and course maps; **THE AGILITY GATE CODE WILL BE 8342**. In addition, printed maps will be posted daily at the trial site for photographing.

MEASURING

Our judge, Jan Skurzynski is a VMO (volunteer measuring official), and a second VMO will be available to measure dogs at the trial on Saturday and Sunday (Alexandra Davis). If your dog needs to be measured, please arrive at the trial site early enough to arrange for the VMO to do so before your first run. Please refer to the AKC measuring guidelines at <https://www.akc.org/sports/agility/exhibitor-resources/jump-height-card/> to determine if your dog must be measured at the trial.
